Products used

Quira

Quira LED – the powerful recessed luminaire that scores with two recessing sizes. Quira LED can be swivelled in up to 15° while remaining flush with the ceiling. For vertical illumination, it can be swivelled out up to 70°. Available with standard white light colours and an Active LED module. This enables the precise adjustment of the light colour regarding intensity and colour temperature. There is a choice of three special light colours for the fresh goods area. Maximum power is selectable with lumen packages from 2,000 to 5,000 lm, while five different 3-D faceted reflectors provide pinpoint illumination. With Quira LED, smart light management can be implemented with a control line or wirelessly for low-installation modernisation. Quira LED is a product by our retail specialist Oktalite. With leading-technology products and a consistent focus on smart, networking-capable solutions, TRILUX is bringing the future of lighting to almost every area of application.
