Products used

Bicult LED desk lamp

Bicult LED is the first desk lamp in the market to combine direct and indirect light output, thereby ensuring standard-compliant lighting. In addition to freedom of glare, flexibility and individual light settings are the main focus points.

Inperla Ligra Plus C05 LED downlight ceiling cutout Ø 140 mm

Refurbishing was never so simple as with the easy-mounting and flexible Ligra Plus LED. With the cladding covers, the luminaire fits into nearly all existing ceiling cutouts and if required can be connected via mains through-wiring from luminaire to luminaire to save time. The Ligra Plus LED is available with different luminous flux packages and beam characteristics for the optimal illumination of a wide variety of rooms. All versions fulfil maximum demands for visual comfort and energy efficiency. And thanks to the diverse design versions, the Ligra Plus LED always blends harmoniously into the interior design.

Solegra LED surface-mounted luminaire

Solegra LED floats below the ceiling like a large sun. With its uniform, glare-free light and modern, purist design this series of round luminaires lends any room a special look, and is ideal for e.g. creative zones, VDU workstations and prestigious sales spaces.

Skeo Q

The Skeo Q LED family includes square wall and ceiling luminaires, spotlights and bollard luminaires. During daylight the purist, modern shape blends harmoniously into its surroundings and sets attractive accents. At night the flexible family of luminaires displays paths and facades using high quality, energy-efficient light adapted perfectly to the framework conditions.
