

PROJECT: A.L.S. LOGISTIKZENTRUM

Project information

Architect: Breker Neuhaus Brandenburg GbR

City: 59757 Arnsberg / Germany

PROJECT DETAILS

Project images

Products used

Jovie

Thanks to Multi-Lens Technology (MLT^{IQ}) and various switching variants, Jovie LED can be perfectly adapted to individual project-related requirements, e.g. as a Smart Lighting Ready variant with Zhaga interfaces for a light management system. Also ideal for later retrofitting.
