Belviso C1 LED ceiling-recessed luminaire

The Belviso luminaire family represents high quality lighting solutions together with glare-free light and unusual lighting effects. The design of the Belviso Cassette as a pure surface is enlivened by the precisely delineated light contour. The colour-illuminated light frame is available optionally and achieves an emotional upgrading of the lighting design. Five expressive alternatives mean that room-specific or individual colour codings can be selected.

Inperla Ligra Plus C05 LED downlight ceiling cutout Ø 140 mm

Refurbishing was never so simple as with the easy-mounting and flexible Ligra Plus LED. With the cladding covers, the luminaire fits into nearly all existing ceiling cutouts and if required can be connected via mains through-wiring from luminaire to luminaire to save time. The Ligra Plus LED is available with different luminous flux packages and beam characteristics for the optimal illumination of a wide variety of rooms. All versions fulfil maximum demands for visual comfort and energy efficiency. And thanks to the diverse design versions, the Ligra Plus LED always blends harmoniously into the interior design.
