## PROJECT DETAILS

### Project images

## Products used

### **8841 LED bollard**

The 8841 LED product range scores with a characteristically high-profile appearance and a diversity of luminaire versions. Various wide light distributions and different luminous flux packages provide maximum visual comfort and guarantee perfect illumination, enabling large spacing between the bollards.

### **ConStela**

### **Lutera ground recessed luminaires**

The Lutera LED ground recessed luminaire from TRILUX is a multi-talent for outdoor use: it lends prestigious facades a modern appearance and at the same time provides safety for path zones around buildings. Thanks to high-quality components, the luminaire has a long service life and low maintenance requirements.
