Products used

Sonnos

Many functions and one world of design: the modularly designed Sonnos LED range of downlights can implement all lighting tasks in a uniform design and quality of light thanks to the wide selection of lighting technologies, optics and surface-mounting options.

Parelia LED suspended luminaire

The continuous line-capable Parelia LED is perfect for lighting concepts parallel to the building axis. The luminaire can be positioned centrally above the desk without the direct component causing reflected glare. The lateral light line creates an attractive room atmosphere.
