Belviso D LED ceiling surface-mounted luminaire

The Belviso luminaire family represents high quality lighting solutions together with glare-free light and unusual lighting effects. The exclusive light frame makes the Belviso Cluster ceiling luminaires unmistakable, creates a unique light appearance and underlines the completely harmonious illumination of the light surface. The colour-illuminated light frame is available optionally and achieves an emotional upgrading of the lighting design. Five expressive alternatives mean that diverse, room-specific or individual colour codings can be selected.

Belviso C1 LED ceiling-recessed luminaire

The Belviso luminaire family represents high quality lighting solutions together with glare-free light and unusual lighting effects. The design of the Belviso Cassette as a pure surface is enlivened by the precisely delineated light contour. The colour-illuminated light frame is available optionally and achieves an emotional upgrading of the lighting design. Five expressive alternatives mean that room-specific or individual colour codings can be selected.

Quira

Quira LED – the powerful recessed luminaire that scores with two recessing sizes. Quira LED can be swivelled in up to 15° while remaining flush with the ceiling. For vertical illumination, it can be swivelled out up to 70°. Available with standard white light colours and an Active LED module. This enables the precise adjustment of the light colour regarding intensity and colour temperature. There is a choice of three special light colours for the fresh goods area. Maximum power is selectable with lumen packages from 2,000 to 5,000 lm, while five different 3-D faceted reflectors provide pinpoint illumination. With Quira LED, smart light management can be implemented with a control line or wirelessly for low-installation modernisation. Quira LED is a product by our retail specialist Oktalite. With leading-technology products and a consistent focus on smart, networking-capable solutions, TRILUX is bringing the future of lighting to almost every area of application.

Polaron IQ LED surface-mounted luminaire

The basis element of the Polaron IQ LED family is a filigree, round light profile supplying maximum planning flexibility: Its diversity enables countless combinations in the series – meaning that light and luminaire design can be perfectly modified to the application. The custom-designed luminaire is installed without any effort thanks to a clever fixing concept.
