Lumega IQ

Beautiful and smart cities have a clever ally: Lumega IQ LED. Be it main road, car park or residential area – the highly flexible luminaire range brings excellent light to any application area. Its consistently minimalist, modern design blends harmoniously into any environment while state-of-the-art technologies guarantee maximum efficiency and sustainability. Lumega IQ LED is also ideally equipped for the future thanks to IoT interface networking capability.

Cuvia

Cuvia LED is a technical luminaire that meets the current and future requirements and technologies of modern and efficient outdoor luminaires. Its long, maintenance-free service life and low energy consumption ensure efficient and standard-compliant lighting. Rapid mounting rounds off the high economic efficiency of Cuvia LED.
